FDP
Faculty Development Program
UNIVERSITY EDITION
Version 1.0

Enhance core competence and skills of your faculty by gaining access to the extensive research and methodologies developed over decades by iCarnegie's parent institution: Carnegie Mellon University and Aspire's network of accomplished training partners. Further, your institution can benefit from Aspire's rich experience of training more than 1000+ faculty through more than 30 Faculty Development Programs in campuses across India.

Benefits of FDP University Edition

- Upgrade and improve teaching, training, content development and research skills of the participants.
- Exposes participants to advances in academic research, pedagogies, and facilitation techniques thereby enhancing their competence
- Motivates participants to get more involved in their Colleges' teaching mission, reignites their passion for teaching, become experts in one or more areas of teaching and in educational leadership roles.
- Allows participants to collaboratively inquire into their

profession in order to learn and improve
- Encourages participants to become student- and learner-centered educators while developing collegial relationships with other faculty
